Independent Auditors' Report

The Board of Directors
California Emerging Technology Fund

We have audited the accompanying financial statements of California Emerging Technology Fund (a California not-for-profit public benefit corporation) which comprise the statements of financial position as of June 30, 2020 and June 30, 2019, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of California Emerging Technology Fund as of June 30, 2020 and June 30, 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Statement of Financial Position by Revenue Source on page 20 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

CALIFORNIA EMERGING TECHNOLOGY FUND

NOTES TO FINANCIAL STATEMENTS - JUNE 30, 2020 AND JUNE 30, 2019

Note 1. NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Nature of business:

The mission of the California Emerging Technology Fund (CETF) is to provide leadership statewide to close the Digital Divide by accelerating the deployment and adoption of broadband and other advanced communication services to unserved and underserved communities, with a focus on low-income households and other digitally-disadvantaged residents. CETF was established at the direction of the California Public Utilities Commission (CPUC) as a voluntary public benefit resulting from the SBC/AT&T and Verizon/MCI merger agreements approved by CPUC in November 2005. It became a qualified public benefit entity in May 2006. As a condition of approval of the mergers, CPUC required the surviving companies, AT&T and Verizon, to provide \$45 million and \$15 million respectively for a total of \$60 million in seed capital to CETF in shareholder contributions “for the purpose of achieving ubiquitous access to broadband and advanced services in California, particularly in underserved communities, through the use of emerging technologies by 2010”. Funds dedicated to CETF were used to attract matching funds from other organizations. CETF also earned interest on the seed capital. As a result, CETF total audited expenditures through June 30, 2017 exceeded \$79 million, including all of the original \$60 million in seed capital. Additional match funds of \$126 million generated by grantees were documented and verified by CETF and external audits although those dollars did not flow through CETF.

The CETF Board of Directors set overall goals to be accomplished in the first decade (by June 2017) of 98% deployment (98% of all households having access to high-speed Internet infrastructure) and 80% adoption (80% of all households using the Internet from their homes with high-speed service). CETF developed a Strategic Action Plan to engage partners and government agencies to accomplish those goals which were largely achieved at 97.5% deployment and 87% adoption. The CETF Board of Directors adopted a new 5-Year Strategic Plan in 2017 with overall goals to achieve at least 98% deployment in each region and 90% adoption statewide by 2022.

CETF entered into Memoranda of Understanding (MOU) with Internet Service Providers (ISPs) Frontier Communications, Inc. (2015) and Charter Communications, Inc. (2016) to implement public benefits as a result of corporate consolidations. In addition to supporting and monitoring fulfillment of the MOU public benefit obligations by these ISPs, CETF is managing \$3 million in charitable funds from Frontier to achieve new broadband adoptions by low-income households in their service areas. CETF also is receiving \$32.5 million (\$6.5 million per year) from Charter through 2021 to continue core mission organizational operations and support School2Home and other digital inclusion programs in their service areas.

In 2019 CETF entered into a MOU with T-Mobile in conjunction with their acquisition of Sprint which became effective in April 2020 when the transaction was approved by the CPUC. CETF is receiving \$35 million from T-Mobile (\$7 million per year) through 2024 for core mission and to implement School2Home and digital inclusion programs in their statewide service area.

In addition, in CETF was engaged by the City of San José through action by the City Council in February 2019 to manage approximately \$24 million over 10 years for digital inclusion grants to non-profit community-based organizations and public agencies.

Each of these revenue sources are segregated into separate bank accounts and accounted for separately for expenditures, grants, impacts and results.

CALIFORNIA EMERGING TECHNOLOGY FUND

NOTES TO FINANCIAL STATEMENTS - JUNE 30, 2020 AND JUNE 30, 2019

Note 1. NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Financial statement presentation:

CETF prepares its financial statements following professional accounting standards where CETF is required to report information regarding its financial position and activities according to two classes of net assets: without donor restrictions and with donor restrictions. Descriptions of these categories are as follows:

Without donor restrictions:

The portion of net assets available for use in general operations and not subject to donor-imposed restrictions.

With donor restrictions:

The portion of net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, this is, when the stipulated time has elapsed, or when the stipulated purpose for which the resource was restricted has been fulfilled.

Basis of presentation:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under this method, revenues are recorded when rights to receive them are earned, or when services have been provided, and expenditures are recorded when an obligation to pay is incurred.

Revenue recognition:

In June 2018, FASB issued ASU No. 2018-08, Not-For-Profit Entities – *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. The new standard provided a more robust framework for determining whether a transaction should be accounted for as a contribution or as an exchange transaction based on whether a resource provider is receiving value in return for the resources transferred. Further, the ASU provides additional guidance to help determine whether a contribution is conditional and better distinguish a donor-imposed condition from a donor-imposed restriction. The effective date of this amendment is for fiscal years beginning after December 15, 2018. CETF has implemented the standard in the year ended June 30, 2020.

Contribution income is recognized when there is an unconditional promise to give. Revenues are reported as increases in net assets without donor restrictions unless their use of the related assets is limited by donor-imposed restrictions. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value at the date of donation. Expenses are reported as decreases in net assets without donor restrictions. Appreciation or depreciation in market value of investments and gains and losses on other assets or liabilities are reported as increases or decreases in net assets without donor restriction unless their use is restricted by explicit donor stipulation or by law. Expiration of restrictions on net assets is reported as net assets released from restrictions. Grant income is recognized when the service is provided, and conditions are satisfied.

A substantial number of unpaid volunteers and board of director members have made significant contributions of their time and other resources to support CETF's activities. The value of these services is not reflected in these statements since it is not susceptible to objective measurement or valuation.

CALIFORNIA EMERGING TECHNOLOGY FUND

NOTES TO FINANCIAL STATEMENTS - JUNE 30, 2020 AND JUNE 30, 2019

Note 1. NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Revenue recognition (continued):

The Company adopted Accounting Standards Codification (“ASC”) Topic 606, Revenue from Contracts with Customers (“ASC Topic 606”) on January 1, 2019 using the modified retrospective method. The Company’s operating results for reporting periods beginning after January 1, 2019 are presented under ASC Topic 606, while prior period amounts continue to be reported in accordance with historic accounting under Topic 605. The timing and measurement of revenues under ASC Topic 606 is similar to that recognized under previous guidance, accordingly, the adoption of ASC Topic 606 did not have a material impact on the financial position, results of operations, cash flows, or presentation thereof at adoption or in the current period. There were no changes in the opening retained earnings balance as a result of the adoption of ASC Topic 606.

Revenue is recognized when services are provided.

Cash and cash equivalents:

CETF considers all highly liquid investments without donor restriction with original maturities of three months or less to be cash equivalents.

Property and equipment:

Property and equipment are recorded at cost and depreciated on a straight-line basis over their estimated useful life. Major additions are capitalized, and repair and maintenance that do not improve or extend the life of the assets are expensed.

Grant commitments and payments:

As of year-ended June 30, 2020, CETF has made grant commitments of approximately \$3.9 million. Total grant payments were approximately \$900,000 and \$61,000, with the remaining commitments of \$1.9 million and \$1.4 million accrued as a liability as of June 30, 2020 and 2019, respectively

Contingent liabilities:

Conditions contained within various contracts and grants awarded to CETF are subject to the funding organizations' criteria and regulations, as well as CPUC enabling order, under which expenditures may be charged against and may be subject to audits under such regulations and criteria. Occasionally, such audits may determine that certain costs incurred against the contracts or grant awards may not comply with the established criteria that govern them. In such cases, CETF could be held responsible for payments to the funding organizations and/or oversight public agencies for the costs or be subject to the reductions of future funding in the amount of the costs. Management does not anticipate any material questioned costs for the contracts administered and/or grants received and/or awarded during the audit period.

Income tax status:

CETF is a not-for-profit organization, exempt from income tax under Section 501(c)(3) and the applicable code section of the State of California Revenue and Taxation Code. In addition, CETF qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2) of the U.S. Internal Revenue Code.

CALIFORNIA EMERGING TECHNOLOGY FUND

NOTES TO FINANCIAL STATEMENTS - JUNE 30, 2020 AND JUNE 30, 2019

Note 1. NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Allocation of expenses:

The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries, payroll taxes, and benefits, which are allocated on the basis of estimates of time and effort.

Change in accounting principle:

In August 2016, the Financial Accounting Standards Board (FASB) issued *Accounting Standards Update (ASU) 2016-04 Not-for-Profit Entities (Topic 958) Presentation of Financial Statements of Not-for-Profit Entities*. The amendments in this update are designed to improve the current net asset classification requirements and the information presented in financial statements and notes about a not-for-profit entity's (NFP's) liquidity, financial performance, and cash flows. The amendments in this update are effective for annual financial statements issued for fiscal years beginning after December 15, 2017. ASU 2016-04 was adopted for the June 30, 2019 financial statements.

In February 2016, the FASB issued ASU No. 2016-02, *Leases* (Topic 842). ASU 2016-02 was issued to increase transparency and comparability among entities. Lessees will need to recognize nearly all lease transactions (other than leases that meet the definition of a short-term lease) on the statement of financial position as a lease liability and a right-of-use asset (as defined). ASU is effective for fiscal years beginning after December 15, 2020. In April 2020, the FASB has proposed a one-year extension of the effective date. CETF is evaluating the impact of this pronouncement.

Subsequent events:

Management has evaluated subsequent events through October 23, 2020, the date which the financial statements were available for issue. No significant events were identified that require additional disclosure.

Note 2. NATURE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and disclosures. Accordingly, actual results could differ from those estimates.

Note 3. CONCENTRATIONS OF CREDIT RISK:

Financial instruments that potentially subject CETF to concentrations of credit risk consist principally of cash and cash equivalents. Cash and cash equivalents were held in financial institutions in the United States of America. Cash and cash equivalents in interest bearing accounts were held in financial institutions in amounts exceeding the guaranteed amounts of the FDIC. CETF is exposed to credit loss for amounts in excess of insured limits in the event of non-performance by the institutions. However, management does not anticipate non-performance by these institutions and has not experienced any losses on deposits of cash and cash equivalents.

CALIFORNIA EMERGING TECHNOLOGY FUND

NOTES TO FINANCIAL STATEMENTS - JUNE 30, 2020 AND JUNE 30, 2019

Note 4. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS:

CETF's short term financial assets as of the balance sheet date, reduced by amounts not available for general use due to donor-imposed restrictions within one year of the balance sheet date is as follows:

	June 30,	
	2020	2019
Financial assets at year-end:		
Cash and cash equivalents	\$ 15,855,871	\$ 9,827,085

Board designated net assets included in current assets	(4,400,000)	-
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 16,666,910</u>	<u>\$ 8,577,398</u>

Note 5. GRANTS RECEIVABLE:

During the year ended June 30, 2017, CETF received a five-year grant from Charter Communications pursuant to a Memorandum of Understanding (MOU) as part of their public benefit obligations in conjunction with their acquisition of Time Warner Cable in California which were approved and imposed by the California Public Utilities Commission. The MOU provides for \$6.5 million per year for five years, of which \$26 million has been received.

During the year ended June 30, 2020, CETF received a five-year grant from T-Mobile USA, Inc. pursuant to a Memorandum of Understanding (MOU) as part of their public benefit obligations in conjunction with their merger of Sprint Corporation which was approved and imposed by the California Public Utilities Commission. The MOU provides for \$7 million per year for five years, of which \$7 million has been received.

Future grant receivable payments are as follows:

Year Ending June 30,	
2021	\$ 13,500,000
2022	7,000,000
2023	7,000,000

Note 7. CASH HELD FOR FRONTIER GRANTS:

CETF and Frontier Communications entered in a Memorandum of Understanding (MOU) to work to ensure tangible public benefits are derived from the Frontier acquisition of the Verizon wireline network in California. The MOU provides that CETF and Frontier will outreach to community-based organizations (CBOs) to achieve 50,000 broadband adoptions by low-income households. The MOU requires Frontier to provide \$3 million and 50,000 Internet-enabled devices to be available for grants to CBOs to be administered by CETF. CETF has encumbered through grant agreements with CBOs all \$3 million and 50,000 devices. The grant agreements are subject to funding and devices being made available by Frontier.

Frontier has transferred \$0 and \$50,000 to CETF during the years ended June 30, 2020 and 2019, respectively. Grants totaling \$177,160 and \$57,865 were paid, leaving cash held for future grants of \$65,871 and \$259,768, for the years ended June 30, 2020 and 2019, respectively. CETF has future commitments to conditional grants totaling \$2,065,570 and \$2,242,670 at June 30, 2020 and 2019, respectively, which are subject to MOU compliance by Frontier. CETF filed a petition in May 2019 with the California Public Utilities Commission (CPUC) seeking assistance in securing Frontier's compliance with the public benefits in the MOU. The CPUC accepted the petition and the matter has been resolved in an amended agreement to ensure payment of all grant commitments to community-based organizations. CETF and Frontier are working collaboratively to implement the MOU.

Note 8. T-MOBILE PUBLIC BENEFIT OBLIGATION:

CETF and T-Mobile entered into a MOU in 2019 to agree upon public benefits to be provided by T-Mobile as a condition of acquisition of Sprint. The MOU became effective when the CPUC approved the transaction in April 2020. The vast majority of the public benefit obligations are related to investments by T-Mobile for deployment of high-speed Internet infrastructure (migrating to 5G) of 99% of all households in California and enrolling more than 332,500 new low-income households in LifeLine service with free access to the Internet. T-Mobile also committed to provide \$35 million to CETF over 5 years (\$7 million per year) from 2020 through 2025 to be used as follows: (a) \$22 million for digital inclusion programs, including: School2Home for 25,000 students (\$12.5 million); digital literacy training for 75,000 new low-income LifeLine customers (\$4.5 million); and grants to local governments in collaboration with Regional Consortia to adopt and implement digital inclusion policies (\$5 million), these amounts are held a board restricted net assets; and (b) \$13 million for core mission operations including management of the digital inclusion programs. The first \$7 million payment was received by T-Mobile in May 2020.

Note 9. CASH HELD FOR SAN JOSE DIGITAL INCLUSION PARTNERSHIP GRANTS:

The City of San José has a long-established track record as a “smart city” in embracing technology, including the establishing a Digital Inclusion Fund from fees paid by ISPs for 5G deployment. The City Council engaged CETF in February 2019 to help manage grants to non-profit community-based organizations and public agencies to get 50,000 households connected to the Internet and digitally proficient, referred to as “adoptions”.

The City contract with CETF is to manage up to \$24 million over 10 years, including donations to support the Digital Inclusion Partnership, for an annual payment of \$190,000 per year. The City also paid CETF a one-time fee of \$20,000 in June 2019 to organize the Partnership. In addition, CETF is the City-designated recipient of donations for the Digital Inclusion Partnership, including online donations through PayPal, and all donated funds are expended only at the direction and with the approval of the City. CETF has established two separate banking accounts to receive City funds to manage the Partnership and to receive donations to ensure transparency and accountability for City-controlled and directed monies.

During the fiscal year ended June 30, 2020 the Organization was awarded \$1 million in grants associated with the San Jose Digital Inclusion Partnership Grant Program and paid \$250,000 to grantees, leaving cash held for future grants of \$264,609 for the year ended June 30, 2020.
