

**Darrell J. Stewart** is a Business Development Manager Public Sector, in the SLED (State, Local and Education) group at Intel Corporation. SLED's charter is to directly engage public sector leaders, visionaries, advocates, and industry partners. Our mission is to make a difference in the lives of citizens by harnessing Intel technologies and solutions to solve serious public sector problems and to find the intersection between Intel's business interests, the major public sector challenges, and Intel's expertise and resources.

Before assuming his current position, Darrell spent several years working in Intel's Reseller Channel Organization, where he worked with school districts to leverage E-Rate funding strategies. Before joining Intel, Darrell worked in sales for Anixter, Lucent Technologies and was the Regional Sales Manager for Brite Voice Systems, which developed and sold a number of interactive voice response products and services.

Darrell and his wife Dalys have been married for 25 years and they have three adult sons and their dog Dixie. Darrell resides in Long Beach, California.

Darrell majored in Political Science at the University of California, Los Angeles.
